# [科目の概要]

This course is designed for pre-intermediate or above learners who need to improve their English skills and intercultural communicative competence. This course focuses on the significance of the competence in the modern society. To achieve the targets, the teacher will introduce some important concepts and theories in linguistics, sociopsychology, cultural anthropology, and intercultural communication. Students need to join constructive discussions about social issues and share ideas with classmates. Through the course, we are going to practice some successful methods for better business communication. Finally, learners can acquire their own best strategies of building brilliant business career.

# [「授業科目群」・他の科目との関連付け]・〔なぜ、学ぶ必要があるか・学んだことが、何に結びつくか〕

In our global business society, we have a lot of opportunities to communicate with people from diverse backgrounds in different languages. For instance, in some countries, businessperson does not always keep on time. These diverse backgrounds sometimes embarrass us extremely. However, we cannot build a successful career in a global community without getting along with these people. Therefore, we need to learn some tips for accept different cultures and people. These tips will guide you to be generous to people around you, including the target customers, clients as well as potential ones. Consequently, this course will greatly contribute to learner's improvement of intercultural understanding and the better communication in English and Japanese.

### 〔科目の到達目標(最終目標・中間目標)〕

Students are expected to try hard:

- 1. to comprehend the significant key points of intercultural communication,
- 2. to negotiate an agreement for solutions of social issues with other students,
- 3. to learn words and phrases for improving your communicative competence.

### [学生の「授業評価」に基づくコメント・改善・工夫]

The improvements of this course are...

- 1. we make a lot of opportunities to discuss main ideas about topics and evaluate skills in pairs or some groups in a workshop style,
- 2. the teacher should encourage you to join classes actively,
- 3. authentic examples in a real world will be introduced,
- 4. a moderate pace of the lesson will be kept according to skills and knowledge of students.
