[担当者] Benneth Esiana	[オフィス・アワー] 時間: to be confirmed 場所: 602	[授業の方法] Lecture, demonstration, roleplay
[科目の概要] <p>The module is designed to provide a step-by-step guide to oral communication in English. It aims to familiarise students with the basic principles of public speaking, taking them through the various processes of speech preparation, beginning from selection of topic and purpose, speech composition to eventual delivery of speech. It employs a communicative, task-based approach to guide learners to apply theoretical principles in practical settings in order to develop hands-on experience. Emphasis is given to the use of non-verbal communication as well as techniques for engaging the audience, overcoming speech anxiety, and boosting self-confidence in public speaking. During the course of the module, students are expected to work individually, in pairs, and in groups, as dictated by the nature of the activity, to complete meaningful exercises and tasks. Please be advised that the module is taught almost entirely in English, therefore it is ideal for students at an intermediate to high-intermediate level of English.</p>		
[「授業科目群」・他の科目との関連付け]・[なぜ、学ぶ必要があるか・学んだことが、何に結びつくか] <p>Proficiency in public speaking/presentation is an indispensable skill in this day and age, given its wide-ranging applications in personal, professional, and social/public settings. The module presents students with the opportunity to create their own authentic presentations/speeches by providing them with the necessary tools to do so, whilst also encouraging them to draw upon their own interests, experiences, and beliefs to augment and to bring more meaning into their work. Learners will engage in meaningful practises through class tasks and/or exercises to study various skills for speech, identify and analyse sample speeches and how to apply them in one's own speech. Furthermore, students will learn that public speaking is not simply a one-way sharing of information but a two-way reciprocal exchange of information where both the speaker and audience are equally involved.</p>		
[科目の到達目標(最終目標・中間目標)] <p>Throughout this module, students will observe improvements in their communication skill in English, and by the end of the course, they should be able to prepare and deliver a speech/presentation in public on their desired topic.</p>		
[学生の「授業評価」に基づくコメント・改善・工夫] <p>The various components of the module will be introduced based on the students' progress in class.</p>
