

〔科目名〕				〔単位数〕		〔科目区分〕	
ACB 演習 [3 rd year]				4単位		演習科目	
〔担当者〕						〔授業の方法〕	
Dr. Benneth Esiana						演習	
〔演習テーマ〕							
Working under the theme “Creating a Resilient Society”, you will have the opportunity to learn about “critical thinking” and “bias”. This will allow you to develop your judgement, evaluation, and problem-solving abilities which you will then apply to conduct a research study on your preferred area of interest. You will present and discuss your ideas and those of others, including data acquisition and analysis, all the while, using English language as a medium of communication.							
〔演習内容〕							
Conducting a research study (process)							
1. Writing a research proposal 2. Research methodologies (survey etc.) 3. Data acquisition and analysis 4. Writing and drawing conclusions 5. Oral presentation of research outcomes ▪ Discussions I: on selected topics of interest and current affairs to broaden your horizon, improve knowledge base. ▪ Discussions II: Improve ability to communicate one’s ideas in English language through debates, conversations, and oral presentations.							
〔科目の到達目標〕							
Students are expected to gain an understand of, and able to satisfactorily undertake the tasks (1 – 5) listed in the preceding section by the end of their study.							
A80点以上秀 A80点以上80点未満優 C60点以上70点未満良 D50点以上60点未満可 F50点未満不可 当該科目で定められた到達目標を、特に優秀な水準で達成している 当該科目で定められた到達目標を、優れた水準で達成している 当該科目で定められた到達目標を、良好に達成している 当該科目で定められた到達目標を、最低限達成している 当該科目で定められた到達目標を、達成していない							
〔ディプロマ・ポリシー (DP) との関係〕
