[科目の概要] This course will focus on reading English articles about Japanese economy and society. Trying to understand the texts precisely, students will learn various reading skills. In each class, the grammatical structure of the sentences and meaning of the words in context will be dealt with. In addition, students will be trained to find the key words and key sentences to understand the main ideas clearly. In order to check misreading and to correct errors, interactive activities will be encouraged among students as well as between the teacher and the students.							
[「授業科目群」・他の科目との関連付け]・[なぜ、学ぶ必要があるか・学んだことが、何に結びつくか] Today English is the main international language. It is true that people can gain a wide range of information by using it, but this course strives to give students more than that. With greater skill in reading comprehension, they will be able to avoid misleading information and find what they really need. This skill will also help them understand various ideas in written English and expand their horizons. Therefore reading skills should be fostered not only to pursue their academic interests but also to enhance their professional careers after graduation.							
[科目の到達目標] Students are expected to be able: 1. to increase vocabulary. 2. to improve grammatical knowledge. 3. to achieve a better understanding of written English.
